Emanuele Antola Foundation

Report on
 Donation of Diagnostic Lab Equipment
 September 2009

Dear Sir/Madam,

Abha Light Foundation (ALF) received a donation US\$ 1000 (Ksh. 77,700) from the Emanuele Antola Foundation in support of our programme. Your donation helped set up a laboratory in ALF's latest clinic in Kericho District of Rift valley province.

Items bought: Microscopes, lab equipment, start-up supplies and some furnishings. We managed through our own funds to construct a room partition and more furnishings.

The list of the things we bought are as follows:

| No. | Item | Qty | Price |
|-----|--------------------------------|-------|-------|
| 1 | Microscope | 1 | 28285 |
| 2 | Disposable Syringe | 2 | 770 |

| 25 | Fare | | 800 |
| 26 | Staining Rack(pls 1240) drying | 1pc | 2500 |

| | | | |
|----|---------------------------|---------|--------------|
| 27 | Sputum Container(Kartell) | 1000pcs | 2500 |
| | Total | | 77614 |

Note: Unit cost of a Microscope is as above but the receipt shows 3 pcs. We had funding from elsewhere for another clinic and did the buying at one spot.

ALF is happy to report back that for the last two months the lab attendance has been growing gradually and steadily. We had about 30 clients tested in this lab even though it's not fully equipped we are looking forward for further support for ALF to provide adequate services to the Kericho community.

Find the above receipts attached.

Sincerely,

Jaddu Rawi
Programmes Officer
